Modern Languages Program

Participation in MLP activities is required of Class of 1925 residents (others should apply for Van Pelt Manor, which features the same room types).

By signing below, I indicate that I understand and subscribe to the residential mission of the Modern Languages Program: to enhance language skills and cultural awareness through regularly scheduled language-based activities including dinner tables, weekly coffee hours, and biweekly film viewings. Interest and frequent participation in these activities is required to live in MLP, except where designated by the House Dean, and neglecting them could lead to relocation from the Class of 1925.
